

CITY OF DOUGLAS CONFORMITY PLAN
FOR TRANSPORTATION PROJECTS IN
THE DOUGLAS PM-10 NON-ATTAINMENT AREA

1. Transportation projects determined to be regionally significant shall follow all applicable ADEQ and ADOT rules and procedures.
2. Regionally significant projects shall be limited to those projects on the following roads within the City limits:
 - a) Chino Road, 5th Street to SR 80
See attached map.
3. Projects on the street listed in #2 above shall be considered regionally significant if:
 - a) The project is greater than ½ mile in length.
 - b) The project alters through-lane capacity of the roadway.
 - c) The project meets other federal and state criteria.
 - d) The project is not a maintenance project.
 - e) The project is not otherwise exempt from designation as a regionally significant project.
4. Point of contact for the City of Douglas is the Public Works Director.
